

Travel Health Services

**Travel Health Clinic Location:
La Ronge Health Centre
227 Backlund Street
La Ronge SK S0J 1L0**

The travel health clinic supports travelers who are traveling outside of Canada to protect their health by offering travel health advice, recommended and routine vaccines and prescriptions for anti-malarial medications, if required. It is important to book early. Please remember to make your appointment as soon as you have made plans for your trip or at least 2 months prior to departure.

What services are provided?

Public Health Nurses in consultation with the Medical Health Officer offer provide:

- Information and advice regarding health risks associated with travel for your specific destination.
- Information about malaria prevention and prescriptions for anti-malarial and other medication if required.
- Immunization with routine and recommended vaccines.
- Current reading information about health risks associated with your specific travel plans and your health status.
- For some recommended vaccines for selected countries, or for those with complex itineraries or special health issues, referral may be required to Prince Albert or Saskatoon.

How do I access travel health services?

Contact your local Public Health clinic at 306-425-2422

Monday to Friday: 8:00 a.m. – 12:00 p.m. and 1:00 p.m. – 5:00 p.m.

Travel Health Clinics are held weekly on Monday afternoon from 1:00 p.m. to 4:00 p.m.

- You will be provided with a travel health form to complete.
- Complete the form and return it to the public health clinic. Be sure to include:
 1. Your Saskatchewan Health Services number
 2. Any immunization record that you may have
 3. Your list of medications
 4. Details about your travel destination eg. country, city, town
- You will be given an appointment date and time as soon as your information has been reviewed and travel health recommendations have been provided by the Medical Health Officer.
- At your clinic appointment the nurse will provide all the immunizations and health related advice required for your travel.
- Please note: If you are not able to attend your appointment, please call the Public Health clinic at least 24 hours before, or as soon as you can.

What does it cost?

- Pre-travel advice and travel immunization services are not insured by the Ministry of Health. Vaccine fees are charged to recover costs.
- Travelers are responsible for the cost of each vaccine they receive (see vaccine charges below).
- Methods of payment accepted are cash or cheque. Please make cheques payable to MCRHR.
